*Materials*

- 20 gauge stainless steel parts include: all components unless otherwise noted
- 14 gauge stainless steel parts include: front rail

Dimensional Full Corner Drainboards are for 90° inside turns only. The dimensions of the corner are specified in the model number. If the dimensions of each side are not the same, the longest dimension is specified second along with its location. See drawings on back.

Corner drainboards are designed to mount between two pieces of underbar. However, corner drainboards can be used to mount between any two stable vertical surfaces. Corners should not be mounted to objects that are mobile or on casters. Because they are intended to mount between two vertical surfaces, corner drainboards do not come free standing with finished sides and leg sets. If one side of the corner does not have a vertical surface on which to mount, then a side and leg set must be ordered as an accessory. Specify the following model numbers:

- CA-LEG - 19" deep
- CB-LEG - 24" deep

<b>Glastender, Inc.</b> • 5400 North Michigan Road • Saginaw, MI • 48604-9780 989.752.4275 • 800.748.0423 • Fax 989.752.4444 <a href="http://www.glastender.com">www.glastender.com</a>	Approval/Notes:
