<b>Specifications</b>	<b>Product Information</b>
-----------------------	----------------------------

**Drain**

- 1-1/2" I.P.S. Threaded drain will fit Dearborn part #8033 slipnut and part #W-573P washer.

**Materials**

- 20 gauge stainless steel parts include: all components unless otherwise noted
- 14 gauge stainless steel parts include: front rail

Degree model corner drainboards are designed to align with 19" or 24" deep underbar. They come with a front rail and skirt to match the profile of adjacent equipment.

Corner drainboards are designed to mount between two pieces of underbar. However, corner drainboards can be used to mount between any two stable vertical surfaces. Corners should not be mounted to objects that are mobile or on casters. Because they are intended to mount between two vertical surfaces, corner drainboards do not come free standing with finished sides and leg sets. If one side of the corner does not have a vertical surface on which to mount, then a side and leg set must be ordered as an accessory. Specify the following model numbers:

- CA-LEG - 19" deep
- CB-LEG - 24" deep
