Liquor Displays

See reverse side for model number key

LDA-24

Intertek

4004503

Conforms to ANSI/NSF STD 2

Standard Features

- Easily usable height for storage
- All stainless steel construction and stainless steel bullet feet
- Includes radius interior corners for easy cleaning
- Four (4) levels of liquor bottle storage for 24" deep models and five (5) levels for 29" deep models
- Bottle retaining rails with clear lift-off liquor identification cover
- Open step-and-rail design for easy cleaning and better view of bottles
- Locking covers are available for each individual row, see Locking Speed Rail Covers on page 3.32
- Matches speed rail design for continuity
- Specially designed side profiles to align with four different equipment mounting situations
- Standard models available in 6" incremental lengths from 12" to 42" (Custom sizes also available)
- Rear step on each model is extra wide for specialty liquor bottles

Specifications	Product Information
-----------------------	----------------------------

Legs

- 1-5/8" diameter, 16 gauge stainless steel
- Stainless steel bullet feet

Materials

- 20 gauge stainless steel parts include: all components unless otherwise noted
- 18 gauge stainless steel parts include: leg pads
- 14 gauge stainless steel parts include: sides
- PVC plastic step and rail covers

Liquor Displays provide tiered liquor bottle storage at a height convenient for bartender use. They maintain the same easy to clean, open step and rail design as a speed rail. Each step and rail has PVC sound deadening covers and each rail includes a clear lift-off liquor identification cover. The 24" deep models provide four levels of storage front to back and the 29" deep models provide five.

Liquor displays cannot have a speed rail mounted to them. Since speed rails are so common on underbar, liquor displays have been designed to align with underbar that has a speed rail. The four different liquor display styles are based on the four different equipment mounting situations.
