Lighted Liquor Displays

Dimensional Information

Dimensional Details for LLDS Models

Dimensional Details for LLD3 Models

Dimensional Details for LLD Models

LLD models are designed for use with Glastender Glass Ice Display Units. The 16" Deep GDU models mounted on a cooler at the factory have an 8-1/4" rear deck space specifically designed to fit the 8" deep LLD. The 9-1/4" high first step of the LLD raises the bottles above the back of the GDU and the front light channel helps to illuminate the GDU. (See the side view detail.)
