Product Information

All Sink Cabinets are 24" deep and available with or without a locking door.

The 12" wide chemical storage cabinet holds three 1-gallon chemical containers.

The 18" wide dry waste cabinet holds a trash receptacle and has a 6" round trash chute in the work surface. The trash receptacle is not included.

The two 24" wide models include a 12" drainboard section with corrugated work surface. A vertical center divider allows three 1-gallon chemical containers to be stored below the sink with the other side of the cabinet available for additional storage. An intermediate shelf for the cabinet storage below the drainboard is available as an accessory. The sink may be located to the left or right, which is signified by the L or R in the model number.

⚠ WARNING: The plastic wet waste strainer included with this product can expose you to chemicals including Bisphenol A (BPA), which is known to the State of California to cause birth defects or other reproductive harm. For more information, go to www.P65Warnings.ca.gov. **Part #03000483**
