

Mounting bracket

1. Place mounting bracket with screw holes toward rear, and the front edge 1/8" from front edge of existing bar top. The front edge of the bracket should be lower than the back. Screw mounting bracket under bar. Use the provided screws and washers unless they are not appropriate for your installation.

2. Slide undercounter beer tower onto mounting bracket. Bar top not shown for clarity.

3. Secure the tower by screwing to the underside of bar top using all available holes on side and rear flanges. Use the provided screws and washers unless they are not appropriate for your installation. Bar top not shown for clarity.

4. Glastender Undercounter Beer Tower installation is complete.
