

2.9X Our bowls are 2.9 times thicker!

Glastender

16 gauge fabricated bowls

The Competition

20 gauge drawn bowls

With 2.9 times the bottom thickness as our competition's 20 gauge drawn bowls, Glastender's exclusive 16 gauge fabricated bar sink bowls provide unmatched durability and greater protection against pinhole leaks.

Our investment in automated welding technology allows us to provide this great quality at a price lower than our chief competitor.
