PRODUCT INFORMATION (see BM Spec Sheet for complete details)

STANDARD FEATURES

- 1/4" stainless steel shanks with 3/16" restriction lines
- All stainless steel faucets
- Surface-mount, stainless steel drain pan with removable, perforated insert

Configurable Options

- 2, 3, 4, 5, 6, or 8 faucets
- Mirror or polished brass finish
- Air cooled for direct-draw system or glycol cooled for recirculating system
- Numerous ceramic color finishes; consult factory for details
- Rinser faucet extension to the left or right of the drain pan; specify RFE option

Beverage Dispensing

RINSER FAUCET EXTENSION

Braumeister tower drain pans can be manufactured with rinser faucet extensions to the left or right of the drain pan. A rinser faucet extension will add 5" to the overall length of the drain pan. Add the RFE upcharge when placing your order.

NOTE: Rinser faucets not intended for use with towers mounted to a refrigerator due to risk of water line freeze up.

Rinser faucet installation notes:

- Unit does not provide a 1" air gap.
- Must be installed with external backflow prevention to meet applicable federal, state, and local plumbing code requirements.
- Install in-line water pressure regulator (included).
- A separate shut-off valve is recommended (not included).

| MODEL | DESCRIPTION | LIST |
|-------|-------------------------|-------|
| RFE | Rinser faucet extension | \$762 |
